

Auto Edge Folding And Ironing Machine for shirt TS-8000A

TS-8000A

Advantages

1. Controlled by PLC & servo motor for consistent seam allowance.
2. Quick mold change supports fast switch among various sizes.
3. Stable low-noise running boosts efficiency, output up to 2400pcs per 10 hours.
4. Enables interlining sewing, multi-piece stitching and 3-fold iron shaping.
5. Versatile for placket, cuff, pocket opening and various folded sewing jobs.
6. Effectively avoids twisting & skewing issues on knit and elastic fabrics.

Product Specifications:

Power supply	380V
Pressure	6kgf/cm ²
Rotitional speed	3000 RPM
Size	1150*1450*2430mm
