

Automatic Hat Brim Sewing Machine TS-0318-HV

TS-0318-HV

Advantages

1. Specially designed for quilting wide-brim & fishing hat brims.
2. Freely switch between automatic and regular sewing modes.
3. CNC control ensures precise equidistant spiral stitching.
4. Stitch spacing and coil quantity can be set optionally.
5. Upgraded practical functions like thread-break auto stop and backstitch.
6. Easy operation, one worker can run 2-3 machines.

Product Specifications:

Powder	550w
Voltage	220V
Weight	135kg
Packaging Dimensions	1340*650*1200mm
