TOPSEW

Automatic Stacking and Bonding for Multi-Layer Wash Labels TS-8121

TS-8121

Advantages

1. Equipped with supreme patented grabbing device to grab 1-5 labels at a time.
2.360° rotating tray auto-feeding, visual positioning & fray-free ultrasonic cutting.
3.One-key switch between flat label and roll-folding label working modes.
4.Realizes 2-8-layer ultrasonic bonding together with automatic defective-product sorting.
5.Non-stop receiving & on-the-run refilling; 5 trays each hold around 200 pieces.
6.Fully-automatic whole workflow; one operator manages 2-3 units for higher productivity.

Product Specifications:

Roll label spec	(W): 12mm-32mm (L): 20mm-40mm
Wash lable spec	(W): 19mm-45mm (L): 40mm-80mm
Power/Power Rating	220V(60Hz)/600W
Air pressure/Air consumption	0.5Mpa/12L/Min
