

Automatic Pad Printing Machine TS-180

TS-180

Advantages

- 1.It can quickly switch between manual and semi-automatic modes for different fabrics.
- 2.It produces 1000 pieces per hour, 3 times more efficient than traditional machines.
- 3.No heating or pressing, so no scalding or fabric damage at all.
- 4.It greatly improves safety for operators during production.
- 5.Using special ink, it has much lower running costs than heat transfer labels.
- 6.It only consumes 0.3 kWh per hour, saving over 80% energy.

Product Specifications:

Model	TS-180
Power consumption	0.3 kWh/h
Working efficiency	1000pcs/h
Essential list	Ink / Medium thinner/ Curing agent / Deodorizer
