

Automatic waistband closing machine TS-326G-WB

TS-326G-WB

Advantages

1. Equipped with a professional 326 pattern sewing machine head, it offers strong adaptability for various sewing tasks.
2. It works perfectly with both thick denim and thin fabrics, meeting diverse production needs.
3. With the matching presser foot, it delivers consistently neat, flawless sewing stitches.
4. It features computerized control and servo + pneumatic drive, ensuring stable and easy operation.
5. It produces uniform, durable stitches to guarantee reliable quality on every garment.
6. Built-in low air pressure protection prevents unexpected damage and ensures safe use.
