

Computer Controlled Bartacking Sewing Machine TS-1900A /430D

TS-1900A

TS-1900A /430D video

It can be inter changed between bartack and button attaching

TS-430D

optional

can chose button attachment

Advantages

1. Through the latest computer analysis, each detail part gets good balance, and the noise and vibration are restrained to the minimum. The operators will not feel tired easily or feel under pressure.
2. More suitable for thick materials, such as bags, leather and safety belt.
3. Efficient and convenient to shift input or output pattern via USB connector.
4. Compared with machine of traditional model, it shortens the time by 35%, hence a further increase in production efficiency.
5. The machine can be used in all kinds of different usages from men's wear and women's wear to jeans, knitted fabric and women's underwear, shoes, leather, and other heavy duty
