

Computer Controlled Bartacking Sewing Machine TS-430D-DC

TS-430D-DC

Advantages

1. Advanced computer optimization balances all components to lower noise, vibration and operator fatigue.
2. Perfect for thick materials including bags, leather and safety belts;
3. This bartack machine adopts padding reinforcement at bartack seams to greatly strengthen stitching joints.
4. Patterns can be imported and exported quickly through USB interface.
5. Production time is reduced by 35% compared with conventional bartack machines to improve working efficiency.

Product Specifications:

Model	TS-430D-DC
Sewing area	40x30mm
Highest sewing speed	3000rpm
Presser foot height	17mm
