TOPSEW

Four-station Automatic Collar Machine TS-7003S

TS-7003S

Advantages

1.Motor lifting material table, the lifespan is longer than that of the cylinder.
2.Durable cutting blade, replacement every 90 days.
3.Simple blade installation with fine tuning, no complex angle calibration.
4.Patented dust collector, anti-clogging with free lifelong replacement.
5.Direct drive divider for precise operation and extended service life.
6.Short push presser structure, firmly holds fabrics.

Product Specifications:

Voltage	6.5KW
Productivity	Average product:240-260pcs/hour
Power	220V
Volume	190X160X170cm
