

## Hand stitch sewing machine TS-781-HD

### Advantages

1. Freely change the length of pin-point and stitch length, and the length of top and bottom thread trace can be kept even.
2. The special positioning device make the sewing much easier through adjusting device to regulate the tension of thread trace.
3. Auto thread trimmer.
4. Use half stitch button while the rest length of the cloth is not long enough to sew a stitch.
