

POLO knitting fork machine TS-JC-860

TS-JC-860

Advantages

- 1、 Different molds can be replaced.
- 2、 Change mold fastly, and the cost of mold is cheap.
- 3、 Pattern editing various patterns.
- 4、 Cloth device can be lifted and lowered.
- 5、 Patented design mechanical Synchronous presser foot

Specifications

Machine Head	DDL-8000A(JUKI) Brother 7300A
Capicity	100pcs/hour
Power	1.5kw
valtage	220V Single phase 50/60Hz (Earth wire is needed)
Air Pressure	0.5Mpa(5kgf/cm2)
Presser foot lift height	0-13mm
Control System	Microcomputer control
Sewing Speed	100-3200 rpm(MAX)
