

## Automatic large Area Pattern Template Sewing Machine TS-13090

TS-13090

### Advantages

- 1, Speed 3000rpm,intelligent and efficient
- 2,Drive with double-screw and double-servo
- 3,Flexible programmable medium pressure foot driving mechanism
- 4,Automatic oil supply System.The oil supply could be auto-adjusted by different sewing speed
- 5,Module of laser distance measurer could judge if the bobbin thread is used up
- Equipped with high performance 8NM DC SERVO MOTOR with strong power
- 6, Automatic electronic thread- clamp device, thread-breaking sensor

### Specifications:

Max speed	3000RPM	Sewing Style	single needle Lock Stitch
Max sewing speed	9m/min	Auxiliary presser foot drive mode	Pneumatic
Max moving speed	50m/min	Auxiliary presser foot lift amount	Max 15mm
Max sewing area	130cmX90cm	Intermediate presser foot stroke	0.2-8.0mm
Hook	2hook	Template clipping mode	Pneumatic clipping
Air pressure/consumption	0.5Mpa 2.5L/min	pattern storage	Max.999 patterns
