

Separate Electronic Pattern Machine TS-1254/2254

TS-1254/2254

Advantages

1. Specially optimized for thick material sewing, ideal for processing pillows, thick knitted hats and other heavy textile products.
2. Smoothly handles multi-layer thick fabrics without jamming, skipped stitches or broken needles.
3. Delivers even, neat stitches on thick materials to ensure the quality and durability of pillow and hat products.
4. Adapts to various thick material sewing processes, from pillow stitching to hat pattern sewing.
