TOPSEW

# Shirt Armscye Shaping Machine TS-1066B

TS-1066B

## Advantages

1.It bonds shoulder-sleeve seams with vertical structure and side-to-side movement.
2.Controlled by Xinjie PLC for reliable pressing performance.
3.7-inch touch screen provides multiple programs for different ironing needs.
4.Three-mode pressing delivers good quality and higher productivity.
5.Powerful air suction ensures safe operation; garments remain wrinkle-free after washing.
