

Automatic Shirt sleeve Slitting Machine TS-850

TS-850 video

Advantages

- 1. One person can operate two machines at one time. The speed is 4-5pcs/min
- 2. One machine can realize switching and sewing of left and right sleeves, no need to change another mold.
- 3. Sleeve gap mold structure can realize quick change.
- 4. Wide range of applicable fabrics (normal shirt fabric, non-iron shirt fabric, knitted fabric, etc.).
